

SECTION 09 91 23 – INTERIOR PAINTING

PART 1 – GENERAL

1.1 WALL FINISHES

- A. Wall finishes shall be two coats plus primer. Typical sheens are “satin” on classroom walls, “eggshell” on dormitory room walls, and “semi-gloss” on trim. “Flat” paints shall not be used in high-traffic areas such as corridors, classrooms, and support spaces, unless approved in advance by Planning, Design and Construction.

1.2 COLOR PALETTES

- A. The defined color palette are the paint color matches aligned with the University’s logo palette for optimal brand representation, but it is not mandatory. Project designers have the flexibility to use color based on what is appropriate for each specific project. All project color palettes must be approved by Planning, Design and Construction. If logo color palettes are to be used, Missouri State University has a standard color palette with three layers: primary, secondary, and tertiary, each with its own set of Pantone colors. The Springfield, West Plains, and Mountain Grove Campuses each have their own color palettes. Standard Sherwin Williams paints have been selected as approved matches for interior spaces on campuses. See below for a custom match to Missouri State Maroon. Also refer to Section 09 06 01 – Standard Missouri State University Maroon.

1. Springfield Campus Color Palette

a. Primary Colors:

- 1) Missouri State Maroon (Pantone 505) – SW 6300 Burgundy
- 2) Black – SW 7069 Iron Ore
